### Press Release: New Single „Tokyo“ by Alternative Electropop Duo Jason Pollux

The alternative electropop duo Jason Pollux, consisting of SÆM (vocals, keys) and Michael Burger (synthesizer, beats), is releasing their second single "Tokyo". The song is a soulful, jazzy-technoid ode to the metropolis and the pulsating queer nightlife in Tokyo.

"Tokyo" tells the story of a broken heart full of loneliness and pain. Pain danced away on a drunken night.

For the music video, the band worked with two indie artists in Tokyo, who take the song on a very personal journey through Tokyo.

Jason Pollux combines voice and the unique sound of an old Rhodes piano with the world of analog synthesizers and sampled noises, all handmade - no laptop.

In spring 2019 the band released their debut EP "Escape", followed by a club tour and festivals including Cologne Music Week, Bochum Total. The band is supported by the Initiative Musik, they are INES-Talent 2020. The second EP „Running Out Of Time“ will be released 2021 at the Label Raufaser Tonträger.
